Friday when our class joined the school music contest, she shouted at Jason loudly just because he didn't

the drums well. After the contest, she even made me clean her flute and bring her water. Although our class

my first prize, we didn't feel excited thanks to her. So I started to write some mean words about her on

facebook. In the beginning, it was just for fun. However, more and more people enjoy reading my articles,

they encouraged me to write more. In the end, everyone but (除了) Terri knows about "Princess Mean".

e started to laugh at her when they saw her. That was why no one would like to sit beside her when we

Now Terri seldom speaks to anyone. She doesn't look happy and I feel worried about her. Am I too evil by
