六、閱讀測驗 每題2分，共12分

I can't remember what life was like without you. Also, I often wonder if you will be with me forever. Everything about you is so interesting that I can't stop looking at and watching you. I love how you move quietly on all four of your feet. So soft to the touch that I can't keep my hands off you. It's not difficult to tell whether you are angry. You swing your paws with your sharp claws out to tell me to stay back.

At times, I'm too slow to react and my hand comes back covered in blood.

The good thing for me is that doesn't happen too often.

I love how you rub your face against my face, my legs, and my hands.

You give me so many kisses that it's not hard to see how happy you are. I think that is the best thing in the world, and it makes me love you even more.

Like little circles of light, your bright eyes shine in the dark. They look at me with love as they take everything in.

Your sweet noises and slowly moving tail tell me the same. My life has become brighter since you came into it.

It has also changed for the better because of you
