Below is the information about sea lions and seals that Vincent found on a website.

The screenshot shows a website page with the following content:

- SEA LIONS**: Sea lions have ear flaps. They are usually brown. Sea lions spend most of their time on land. Their back flippers can move in a circle, so it's easy for them to move on land. When they swim, they move their front flippers. They can be underwater for 8 to 20 minutes. Sea lions live in groups. They are noisy and "talk" loudly. But a baby sea lion is still able to hear its mother even when many mother sea lions are calling out for their babies at the same time.

- SEALS**: Seals don't have ear flaps. Baby seals are all white, and adult seals are usually gray with dark spots. Seals spend most of their time in water. They can stay underwater for 2 hours! They are good swimmers because they can swim with their back flippers, which are like fish tails. However, their back flippers cannot move in a circle, so it's not easy for them to move on land. They seldom come to land except when they want to have babies. Seals usually live alone. They are quiet and only make short soft sounds.

The illustration shows a sea lion on the left and a seal on the right. Labels point to the sea lion's ear flap, back flippers, and front flippers. Labels point to the seal's spots and front flippers. The sea lion is labeled 'SEA LION' and the seal is labeled 'SEAL'.

Is Goodies good?

7:02 PM 08/26

Jane, TW

Does anyone know about Goodies next to the Mad-Eye Theater? I want to go there with my friends this Saturday. Thanks!

RE: Is Goodies good?

7:30 PM 08/26

Crazy_P

My dad took me there yesterday. I don't know if it's expensive. He paid. The food was fine, not the best, though. But you must try its papaya ice cream. I just can't get enough of it! You'll save \$50 if you have dinner there on your birthday.

RE: Is Goodies good?

8:11 PM 08/26

Cool Marc

Its food is good but its waiters are not. For that price, I think you should go to Awe's. It's a little far from the theater, but the waiters there are friendly, and the food is wonderful. It's celebrating its fifth birthday, so lunch is only half price this week.

RE: Is Goodies good?

9:56 PM 08/26

Kenny

It's the best restaurant I've ever been to. It's a little expensive. But it costs \$100 less for lunch. Crazy_P is right about the papaya ice cream. There's no other word for it!

Movie Night

Every Wednesday from 8:00 to 11:00 at The Real Deal

Are you into movies but don't have time to watch them in the movie theater? Then come to The Real Deal on Wednesday nights to enjoy some of the best movies ever made. We show everything from current hits to classic movies. Also, if you become a member of our movie club, you have a say in the type of movie that gets shown the following week. You can pick from the ones that have a lot of action to the ones that are super funny or anything in between. Just remember there may be kids in the restaurant, too.

Any of our customers that come for dinner and then stay for the movie will get 20% off their total bill. The total bill includes the price of Movie Night tickets along with the meals. Movie Night tickets are NT\$350 for adults and NT\$250 for kids under 12. What's more, those who come in their pajamas will get half off the ticket price. The ticket price also includes all the popcorn you can eat and soda you can drink, so make sure you have room in your stomach before you come. Also, come early to get the best seats in the house.

In Taiwan, more than ten million people eat out every day. And every day 17.5 million paper lunch boxes and 2.8 million pairs of chopsticks are thrown away after they are used just once. That's a lot of garbage.

Now, a new kind of paper lunch box could help a little with this problem. This new lunch box doesn't look much different from other lunch boxes. But on the back of its cover, there is a dotted line in the shape of a spoon or a pair of chopsticks. Pull off the piece along the dotted line and you'll get a spoon or chopsticks. You can use them to eat. This way, less garbage is made after the meal. Besides, you'll never have to worry about bringing a spoon or chopsticks with you.

Though this new lunch box will still be used just once and thrown away, for restaurants that sell hundreds of boxed lunches a day and for people who need to buy them, it is a lovely idea that makes eating out friendlier to our planet.

 dotted line 虛線

48. What is special about the new lunch box?

- (A) It helps make less garbage.
- (B) It is light and very easy to carry.
- (C) It helps keep food fresh for longer.
- (D) It can be washed and used many times.

49. Which of the four things below is designed in the same way as the new lunch box?

- (D)

The cover of this butter package can be used as a knife! No other knife is needed.

You can not only write on this note paper but also grow plants with it. There are seeds inside the paper!

50. In the second paragraph, the writer writes that the new lunch box "could help a little with this problem."
