策略 : Put number in order

I like to go shopping and do exercise in my free time. Yesterday, My best friend said she wanted to go shopping with me in the afternoon. I said "Yes". So, I had my own time in the morning. First, I went bike to the swimpool, then I swam for two hours. Second, I went hiking in the mountain. Finally, I went back to my home, took a shower and ready to go shopping with my friend. What a wonderful day!
